There's a question for you to answer for yourself. If you are putting money in the bank you know they will be provided for. If you are spending or wasting every dollar you get, you don't know what will become of them. Who gets the money you earn? 'If you put into our bank what you spend or lend foolishly it will pretect those children dependent on you.

BIG FIRE IN THE NIGHT

Saved again. A bad fire broke out Thursday night at 12:30 in a block of wooden buildings owned by W. B. Sharp at the corner of Main Street and Third Avenue, immediately across from the two bank buildings. The building was 120 feet long and was on fire from end to end, lighting the whole valley before the fire fighters got the alarm.

It looked at first like the whole business section of the town would certainly be destroyed. The flames were ascending from the roof of the building, with a six inch space between it and the next wooden building.

We noticed one stranger who was suffering from great excitement. He was exclaiming: "My God, what can they do with it? What can they do with it?" A bystander looked him over and said: "Throw water on it."

So the volunteer companies came and threw water on it until it got so dark they could not see to work any longer and put the fire out. Lae fire was confined to the buildig in which it started.

The weather favored us. It was a still night and a heavy snow had fallen and was still falling. What little air there was drew across Main Street and favored the building just across the alley, C. W. Slavin's tin shop.

The fire seems to have started in the restaurant end of the property. When the alarm was turned in to the water plant, something happened to the siren and the whistle was several minutes in sounding.

The loss is something lik \$5,000.00, very inadequately covered by insurance. Those affected by the fire are as follows:

W. B. Sharp, owner of the building. McNeil & Beverage, restaurant,

otal loss. W. E. Wilson, barber shop,

total loss. H. Wells, Clothing store, partial loss. Marlinton News Company,

reatly damaged by water. Kee & McNeill, drugs-store, walls charred.

Bank of Marlinton, plate glass vindows broken.

Marlinton Bottling works, walls charred. C. W. Galford, watch repair

shop, total loss.

The reorganization of the Central West Virginia Fire Protective Association, whose object it is to protect forests from fires, was ing directors were elected: H. O. Armstrong; Richwood; S. E. Slay-

GOLDEN'S Week of March 23rd
